OFFICE OF THE DEPUTY DIRECTOR

83-2168

21 April 1983

NOTE FOR: Deputy Director for  
Administration

Through a misunderstanding, I think you may not have officially been asked to carry out Recommendation 3 in the attached extract from the 1982 IG report on NE Division. I'm sure you have been in touch with [redacted] on this matter. However, in the wake of the recent events in Beirut, the DDCI would be more interested than ever in hearing about progress being made in State's security enhancement program. Could you please advise him when you can.
